How to put the poster together

For a white 22 × 28 inch poster board, held sideways. Print pages 2 to 8, cut each one on its dashed line, and glue them where they're shown below. Drawn to scale.

PUTTING IT TOGETHER

1. **Print pages 2 to 8 at actual size** (choose "Actual size" or 100%, not "Fit to page"). Color is best, but black and white still works.
2. **Cut each piece on its dashed line.** Cut around the dragon badge.
3. **Lay everything out before you glue.** Butt BIKE and BUS right up against each other so they read as one line across the top.
4. A glue stick is fine. Foam board is easier to hold up for 20 minutes than a floppy paper poster board.

STANDING OUT FRONT

- From a car you can read BIKE BUS and the date. Only people who walk up will scan the QR code, so it goes near the bottom.
- Test the QR code with your phone before you go.
- The sidewalk is public. If you want to stand on school grounds, check with the office first.

MAKING IT BY HAND INSTEAD

Use the same layout and a thick marker. Aim for these letter heights:

BIKE BUS	3 in
NOV 18	2 1/2 in
WEDNESDAY	1 in
7:30 and 7:45	1 1/4 in
Leave Griggs Park, Arrive at Driscoll	1/2 in
Everything else	1/4 in or more

If you letter it by hand, still glue on the printed QR code from page 8, because a drawn one won't scan.

Use red or black marker on white. Yellow and gold are hard to read from across the street.

Piece 2 of 8: BIKE. Cut on the dashed line. Goes top left, touching piece 3.

Piece 3 of 8: BUS. Cut on the dashed line. Goes top right, touching piece 2.

Piece 4 of 8: dragon badge. Cut around the badge. Goes middle left.

Piece 5 of 8: the date. Cut on the dashed line. Goes in the middle.

WEDNESDAY

NOV 18

WE CANCEL IF RAINING OR ICY

Piece 6 of 8: the times. Cut on the dashed line. Goes middle right.

7:30

Leave Griggs Park

Meet from 7:15 at the northeast corner

7:45

Arrive at Driscoll

15 minutes before the bell

Piece 7 of 8: what it is. Cut on the dashed line. Goes bottom left.

Kids and parents biking to school together

Every child rides with their own parent or guardian, and everyone wears a helmet.

Organized by Driscoll parents. It isn't a school program.

Piece 8 of 8: QR code. Cut on the dashed line. Goes bottom right.
